Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 25 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showery overnight but mostly dry on Tuesday. Temperatures rising.

This Evening and Tonight:
During the evening, most showers gradually fade with with some clear spells developing. Cloud and some more showers move into northern parts of the country overnight and slowly spread southwards. Feeling chilly with light winds. Minimum temperature 2 deg C (36 deg F).

Wednesday:
A few showers persist for a time in the south during the morning but otherwise dry. Sunny spells develop widely as the day progresses. Warmest in the south and east. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Dry with sunny spells on Thursday. Cloudy with perhaps some rain in west during Friday, brighter further east. Sunny spells throughout Saturday. Becoming warmer and winds generally light.
